Subject: RP-2 Units.

Dear Sir:

We are pleased to submit the following quotation to cover the production of the subject equipments:

200 - RP-2 Waterproof Power Supplies and Operating Spare Parts in accordance with Specification Project No. 1119, applicable drawings and sample unit supplied to us by the Agency-

Unit Price \$161.40, Total \$32,280.00

20 - Sets Base Spare Parts for RP-2 Unit Parts we propose to furnish are listed on the attached sheet. This list covers parts which, in our opinion, would seem desirable as base spare parts. However, we can add to, or delete from, the list such items as you direct, with a resulting increase or decrease in unit price-

Unit Price \$ 69.11, Total \$ 1,382.20

Production tools (molds, jigs, dies, etc.) Total \$ 2,383.95

Full credit will be allowed for any existing production tools that can be used on our machines and which are immediately available for our evaluation.

F.O.B. Bethesda, Maryland.

Packed for commercial domestic shipment.

Delivery: Sample unit 150 days.

Production units starting 30 days after approval of sample, at the rate of 100 units per month until completion of contract.

Base Spares - On or before completion of contract.
